

MAPCHAT: GOOGLE MYMAPS

Google MyMaps: An intro and in action!

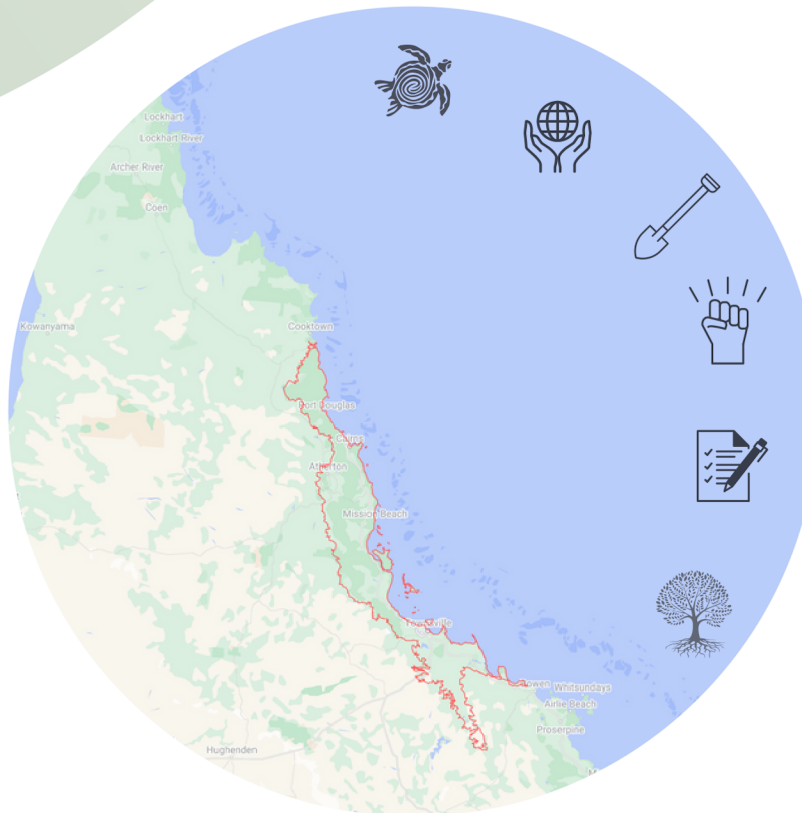

At this month's MapChat, Alistair Hart will **introduce** us to the Google MyMaps platform and demonstrate it in action. Following on from this, we will apply what we have learnt in a **facilitated discussion** on setting up a community mapping project, led by a group of local volunteers.

Part A: Cutting Someone Else's Grass with MyMaps - online mapping for public procurement

Alistair Hart, general manager of Mangoesmapping Pty Ltd, amongst many other roles, will introduce the Google MyMaps platform, demonstrating its capabilities through examples from his own professional experience.

Part B: Environmental groups of the Wet Tropics

Let's use what we've just learnt to assist in the making of a community MyMap project aiming to map the environmental organisations in the Cairns and Far North region.

Tuesday 5th July

5:30pm for a 6pm start

**Bluewater Tavern
Trinity Park**

FunGIS members \$5

Non-members \$10

Students FREE
