# Link 360° web mapping with drone imagery?

1. link to drone images to existing 360° web map ?
2. use cases for on-the-ground 360° photos and drone images ?

Link 360° web mapping with drone imagery?

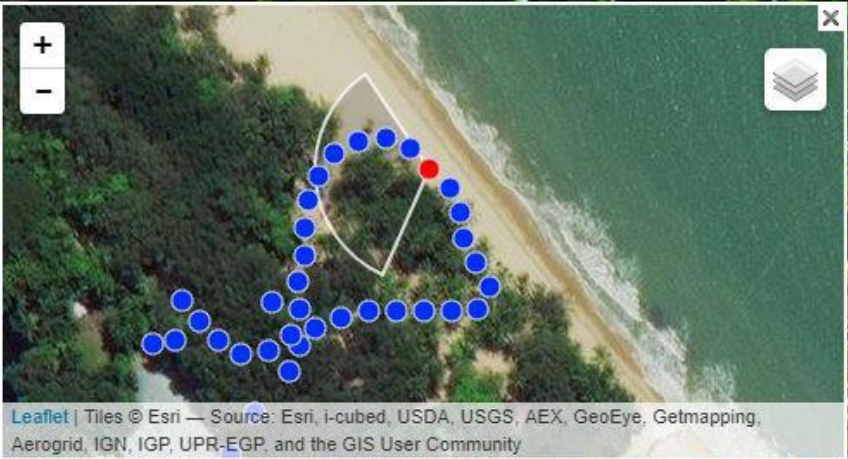

## USE CASE #1:

### Beach erosion and high tide vegetation

1. link to drone images to existing 360° web map ?
2. use cases for on-the-ground 360° photos and drone images ?

## USE CASE #2:

### Easy remote orchard inspections

1. link to drone images to existing 360° web map ?
2. use cases for on-the-ground 360° photos and drone images ?

**drone image centroids**

**360° images, 5m interval**

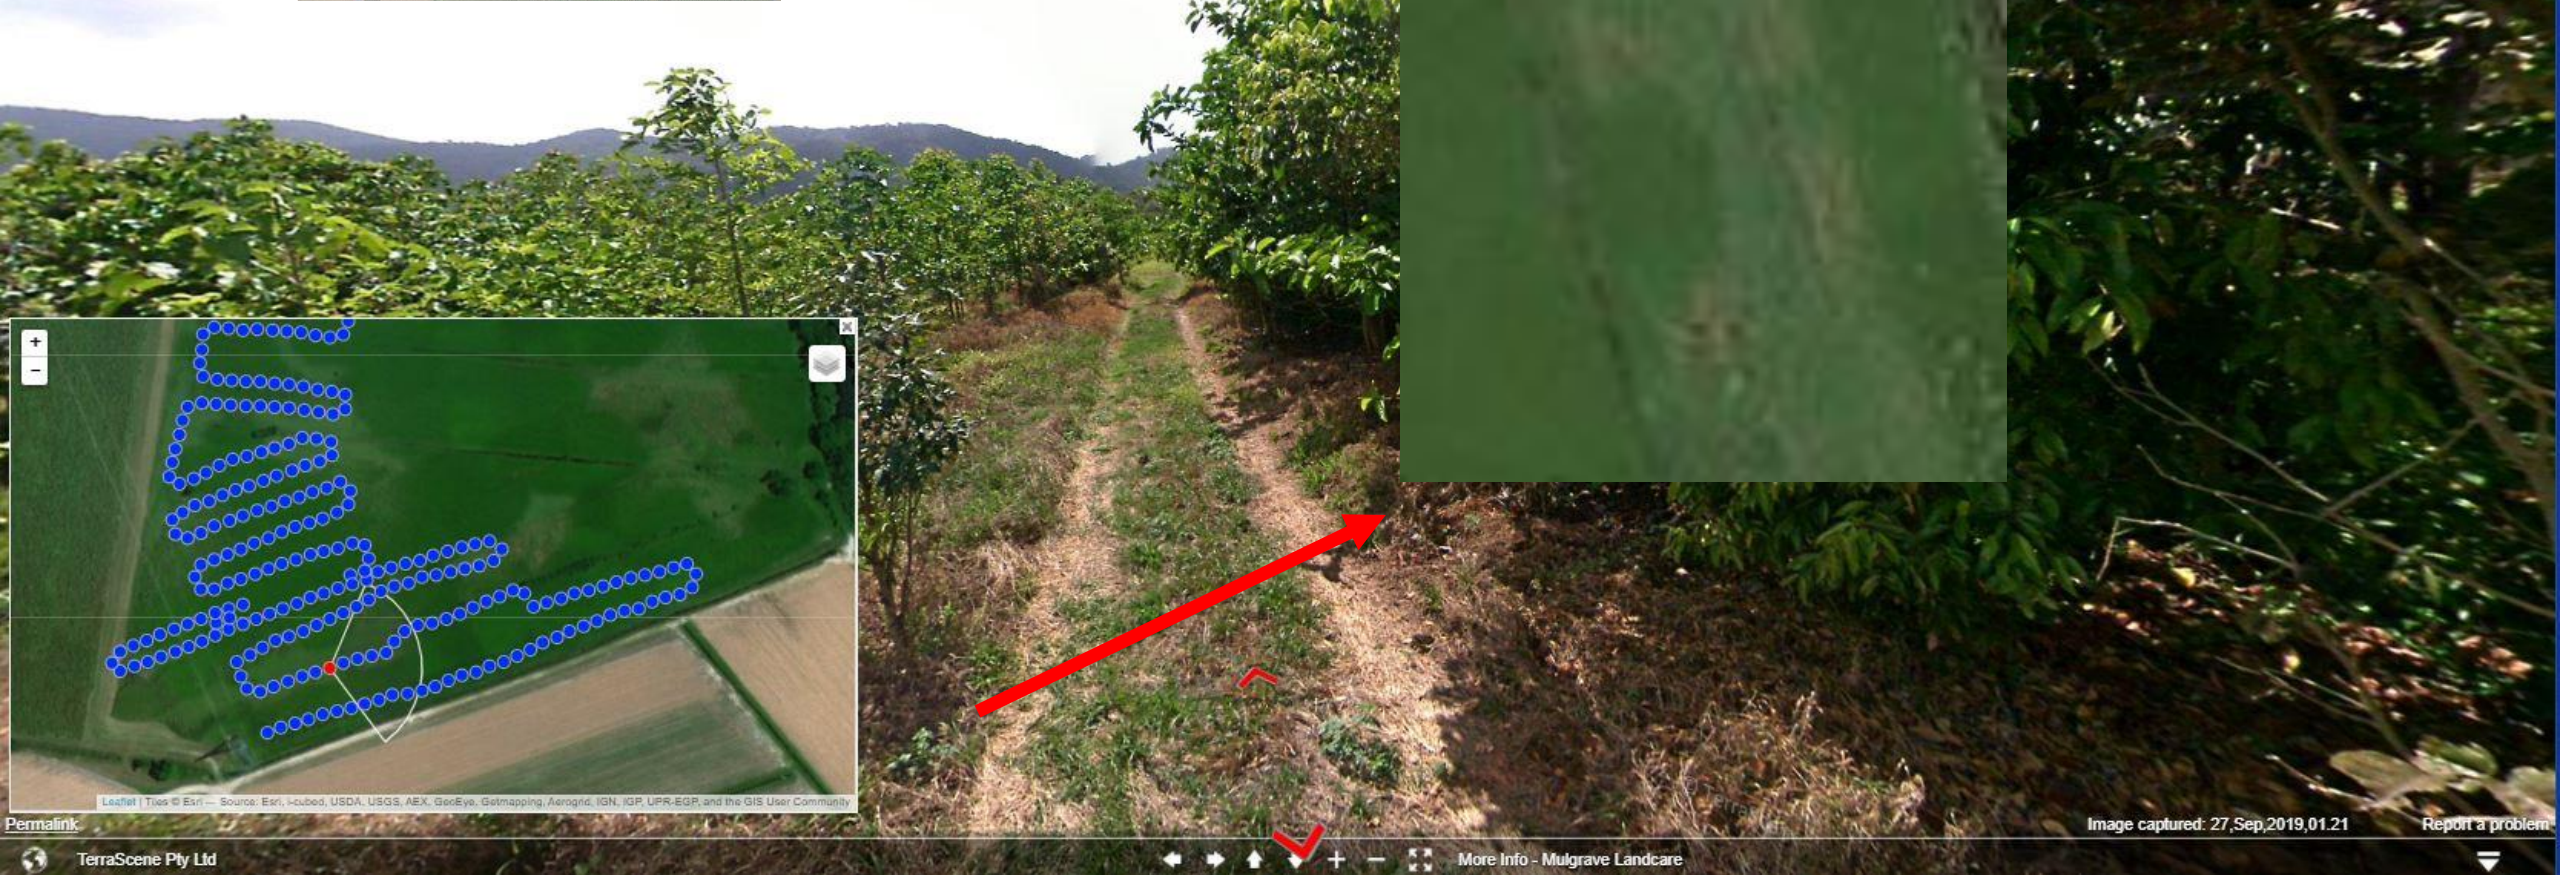

## Link 360° web mapping with drone Imagery?

**USE CASE #2:**  
**Easy remote orchard inspections**

# Link 360° web mapping with drone Imagery?

1. How can an existing easy to use web mapping interface for interactive 360° images add functionality to link to drone images of the same area?
2. What are the use cases for having quick access to both on-the-ground 360° photos and planimetric drone images for the same area?

# Conundrum: Linking existing 360° image web mapping interface with drone imagery

## Thank you!
